i You must review the [Families policy](#) and complete the Target audience and content section on the App content page. If you don't do this, your app may be removed from Google Play.

★ New Statistics features available

Your app's **Statistics** page has a new look and new features. You can start using it to view additional data, including 30 day rolling averages, and export customized reports as CSV files.

★ Metrics updates & benchmarks

Your acquisition and loss metrics have been updated to make them more accurate and helpful. For instance they now include returning installs, reactivations, and you can compare your growth rates against peer benchmark sets. [Learn more](#)
